

Your columns should look like this when you visit the contact page. If they don't, you'll need to configure them the first time.

The screenshot shows the HubSpot Contacts page with 3,613 records. The table displays the following data:

NAME	GOOGLE AD CLICK ID	AMOUNT	EMAIL	CREATE DATE (CDT)	CURRENCY ISO CODE
k paul zygas	EAlalQobChMI...TjxXP-gIv...	--	daiva@cox.net	Oct 8, 2022	--

See next page below

Under Save view on the top right there is a button that says Actions, click it and then Edit columns.

After finding them and putting them in the right order like above, click Apply to save your columns.
