

Owner Operator Benefits

1. Higher pay: 50% + cash tips includes fuel, insurance, tolls, permits and maintenance
2. No commute to and from the lot to pick up a vehicle
3. Owner operators get first pick of all unassigned trips and dispatch themselves
 - a. Higher income and better income stability due to trip selection
 - b. No issues with dispatch as long as customers are happy
4. You maintain your vehicle, so less maintenance issues caused by other drivers or deferred maintenance caused by the fleet manager
5. You fuel up your vehicle, so less fuel issues caused by other drivers
6. You clean your vehicle, so less cleanliness issues caused by other drivers
7. You insure your own vehicle, so no issues with being automatically removed from the company insurance for an accident or ticket to keep the company rates down.
8. You decide what vehicle you drive as long as it's insured and meets standards
9. All customers and intellectual property remain property of Airport Shuttle of Phoenix or Texas Shuttle, but you have excellent income security, stability and pay.
10. Work as much as you want, and make as much as you want.
